The Task Force unveiled detailed strategies designed to put the issues related to the flawed contract award of the FMTV vehicles quickly in front of decision-makers in Washington. We received messages of strong support from the offices of Sen. Kay Bailey Hutchison, Sen. John Cornyn, Congressman Michael McCaul, and Texas Gov. Rick Perry, all of whom are actively concerned and engaged in our cause to expose the errors made by the U.S. Army process that led to Oshkosh wrongly receiving the \$3 billion contract award.

During the meeting, Kim Meloneck and Lance LaCour were named as Co-Chairs of the Task Force. I am honored to serve and feel really good about where we are, and where we are headed. Once the GAO takes a close look at this, they will surely see the obvious flaws in the process.
