UPDATES >>>

Haven't seen the new building lately? [Get the latest on construction and images.](#)

The Katy location of the University of Houston will feature programs from the [UH College of Nursing in Katy](#) and the [UH Cullen College of Engineering](#). See how these programs will serve Coogs in Katy.

Have you seen our billboards? These are located at off I-10 & Highway 90 going east, and across from Katy High School.

WHAT'S THE DIFFERENCE

[Here's the University of Houston System family and how the Katy location fits in:](#)

The University of Houston System is a group of affiliated, but separate universities: UH-Downtown, UH-Clear Lake, UH-Victoria and UH. These four universities have their own presidents, colors and mascots. Each is degree-granting and holds separate commencements. The whole UH System is overseen by one chancellor.

UH is one member of the system. It extends its reach into the suburbs by featuring programs and classes in two locations: Sugar Land and Katy. These locations are part of the main campus. They are not degree-granting institutions. Students who attend classes in these locations are UH Cougars (and wear red on Fridays!). [Read more >>>](#)
